## “GPS” PROGRAM ARRIVES AT REFUGIO DE VIDA SHELTER

Refugio de Vida Shelter joyfully welcomed Cyntia Aldana, coordinator of the Youth Development Program at Refugio de Esperanza – Bolivia, who shared her experience in building bonds, friendship, and meaningful connections among young people. Con mucho entusiasmo,

6 adolescentes de 16 y 17 años vienen des-

With great enthusiasm, six adolescents aged 16 and 17 are taking part in the GPS Program, which provides them with tools and guidance to discover their purpose and prepare for an independent adult life with confidence and hope. During the first training session, handmade gifts created by young people from Bolivia were shared as a symbol of unity and fraternity.

## VACATION WORKSHOPS BEGIN

We joyfully began our vacation workshops at the Refugio de Vida Shelter. The adolescents are already enjoying spaces filled with creativity and learning, such as art and painting, embroidery, and weaving. What they create not only strengthens their skills and self-esteem, but also serves a greater purpose: to be sold in order to support their development, promote self-sustainability, and open new opportunities for their future..

## ADOLESCENTS FROM REFUGIO DE VIDA SHELTER ENJOY A DAY OUT

With the visit of the coordinator of the Youth Development Program from Refugio de Esperanza – Bolivia, our adolescents at the Refugio de Vida Shelter enjoyed two special outings, where they delighted in a refreshing ice cream and an extraordinary lunch. Thank you to everyone who made this beautiful moment full of joy and connection possible.
